Panda Dome Premium:

- [Download Link for Panda Dome Premium](#)

After installation, launch the software and enter your activation code when prompted.

Option 2: Install Via Your Panda Account

1. Preparation:

- Keep your activation code handy.

2. Access Your Panda Account:

- Create a Panda Account or log in at [Panda Security Account](#).
- Choose your Panda Dome product. If it's not listed, enter your activation code by clicking 'I have a code'.

3. Download and Install:

- Click the cloud icon to download the installation file.
- Double-click the downloaded file and follow the installation steps.
- The Activation Code should be pre-filled in the wizard. If not, enter it manually.

4. Complete the Setup:

- Click 'Open Now' after installation to finalize the Panda account setup.

Now you're all set to enjoy the security features of Panda Dome!
